OUR SERVICES INCLUDE:

CUSTOM PLAN DEVELOPMENT – Customize a model from Viceroy's collection or create custom plans based on your own ideas and sketches.

PLANNING – We are local area specialists; our team is educated on local building restrictions and familiar with the townships & municipalities of the region.

SITE ASSESSMENT – A critical element in the design process; our representatives will meet you at your build site to discuss the opportunities for the site, and any possible issues that may arise.

BUILDERS/CONSTRUCTION – Full excavation, construction, turnkey and landscaping services, with experienced skilled trades, provided by R. Vaughan Services Inc.

CONTINUED CUSTOMER SERVICE SUPPORT – Algonquin Projects will be here for years to come, to provide any assistance you may need regarding your new home.

ALGONQUIN PROJECTS

Algonquin Projects is an independent custom design and build specialist.

As a local area company, we can anticipate and provide solutions to local building challenges and restrictions to ensure your dream home or cottage becomes a reality.

Our licensed design consultant will ensure your design is exactly what you are looking for. You can start with any design, from something you have drawn yourself, to anything you have found online or your favorite home layout. We will combine your likes/wants/needs into a custom design with the qualities you liked from each plan. We can also start something completely fresh and new from an idea or sketch that you may have. With your ideas and input, we will shape your design into a custom dream home.

From the moment you walk into our office, until you walk into your dream home or cottage, and stretching into the future, Algonquin Projects will be there to help every step of the way.

R. VAUGHAN SERVICES INC.
